

Integrated Management System Policy

Leeds Bronze Engineering recognises that Quality, Environmental and Health and Safety issues are fundamental to the business. Our objective is to meet the requirements of all applicable legislation, regulations and accepted codes of practice. Wherever practicable best practice is implemented through our certified Integrated Management System which satisfies the requirements of ISO9001, ISO14001 and OHSAS 18001

Leeds Bronze Engineering continually improve by setting measurable objectives and targets that are relevant to our operations for quality and reducing risks to health, safety and the environment

Leeds Bronze Engineering cares for the environment and is committed to our principles of sustainability and environmental performance improvement which are as important as any other business objective.

Leeds Bronze Engineering objectives are to:

- ❖ Continue to develop a positive Quality, Environmental and Health and Safety culture involving our employees in the process
- ❖ Encourage all employees and contractors to take responsibility for working in a manner that promotes quality, whilst minimising harm to the environment and ensure the health and safety of employees, contractors, visitors and members of the public.
- ❖ Assess the level of risk from all significant health and safety hazards and, so far as reasonably practicable, ensure that they are eliminated or adequately controlled.
- ❖ Provide appropriate information, systems of communication, instruction, training, retraining and supervision to maintain and continuously improve the competence levels of all employees.
- ❖ Seek to minimise the environmental impact of its products at all stages of their life, whilst encouraging its customers to do likewise. Maintain a strategy for sustainable waste management and wherever possible recycle materials.
- ❖ Ensure that the product quality delivered to our customers consistently meets or exceeds their expectations and respond effectively to any concerns about the level of service provided.
- ❖ Regularly monitor, audit and review our own, contractors and suppliers performance to ensure continuous improvement

Your help and support is paramount in delivering this critical objective. You can play your part by:

- Striving to deliver a 'right first time' product and service.
- Taking care of your own health and safety.
- Taking care of your own environment.
- Ensuring that Leeds Bronze Engineering is a safe, environmentally friendly and great place to work
