

REACH, RoHS, WEEE & CE Declaration

Is as follows :

REACH:

Leeds Bronze Engineering has identified itself as a downstream user of Lead (Pb) and as such is not obliged to register under REACH Regulations. We have received assurances from our supply chain that they are either REACH registered or exempt.

RoHS:

Leeds Bronze Engineering sell no product(s) to market and therefore have no design authority. Raw materials and items manufactured are dictated by customer and therefore the responsibility to be RoHS compliant remains with the design authority/customer.

WEEE:

Again, Leeds Bronze Engineering sell no product(s) to market and therefore have no design authority. Raw materials and items manufactured are dictated by customer and therefore the responsibility to be WEEE compliant remains with the design authority/customer.

CE :

Leeds Bronze Engineering manufacture no items for market and therefore are not obliged to brand or mark any item with the CE mark under European laws.

For and on behalf of
Leeds Bronze Engineering
